MEMORANDUM FOR: Assistant to the Director
SUBJECT : Filming at Agency Gates

Angus:

I notice that Charlie Kane asked that you establish a procedure for notification in advance when pictures will be taken at the gates. I would like to encourage you to that end. We have a monstrous problem of contacting all employees in the Washington area who are under cover or for some reason or other should not be associated with the Agency. That's a pretty difficult thing to do without sufficient advance notice. I would urge that you ensure your people ring the bells whenever we might expect such filming.
